

STAY APART TO CELEBRATE TOGETHER

Let's do the right things to keep our loved ones healthy this Hanukkah season.

CLARK COUNTY
WASHINGTON
PUBLIC HEALTH

We need to celebrate in new ways this season so we can slow the spread of COVID-19 and keep our community healthy. **The sooner we control COVID, the sooner we can gather in-person again.**

SAFE & SNUG LOW-RISK CELEBRATIONS

Celebrating at home with your household

Staying home is the safest option for your family and our community. Save the big holiday gathering for 2021!

Visiting from a safe distance

Connect with family and friends online or by phone, or visit outside with masks and physical distancing.

HIGH RISK NOT RECOMMENDED!

Traditional indoor gatherings

Gov. Jay Inslee issued a proclamation prohibiting indoor gatherings with more than one household unless participants follow quarantine and testing guidance.

Traveling to holiday gatherings

Travel increases your risk of getting or spreading COVID-19. Staying local is safest!

STAY HOME, STAY CONNECTED, STAY SAFE

Nothing replaces being together in person, but we can find creative ways to connect and have fun while staying home.

- **Have a game, craft or movie night** with your household.
- **Drop off meals** for family and friends in your area.
- **Visit with loved ones using an online meeting app** such as Zoom or Skype. Virtual charades anyone?
- Set up a computer or phone in the kitchen or dining room so you can **cook and eat together remotely**.
- Do a secret gift exchange with a group of friends. Buy and deliver the gift without contacting the recipient.

CREATE NEW MEMORIES: ALTERNATIVES TO GATHERING

This has been an odd year, so why not start a new tradition?

- Go for a walk and admire holiday lights and decorations.
- **Donate** to a food bank or other charity.
- Hold a **neighborhood cleanup day** to pick up litter and rake leaves. (Say "hi" to neighbors from a safe distance.)
